# FROM FATHER'S DESK

Father Nathaniel Meyers

Each Easter Season is a truly blessed time of the year, but this year's Eastertide is a particularly special one for my family as both my nephew, Jack, and his sister, Michele, will be experiencing important moments in the life of grace. This weekend will mark the first time Michele receives the Holy Eucharist and just a few weeks later Jack will receive the Sacrament of Confirmation. Unfortunately, I will not be able to be physically present for these milestones in their lives of faith due to my responsibilities here in the parish, but the great news is that the sacraments have the power to unite us even when we are physically apart from one another.

The Holy Eucharist is able to unite all Catholics across space and time. As a result, when I am distributing the Blessed Sacrament to our First Communicants this Sunday afternoon, I will be mystically present for Michele's First Communion down in Los Alamos, New Mexico. The Eucharist is truly the Body and Blood of Christ, so those who receive it are united in Him. In fact, by our sharing in the Eucharist, Michele and I will share a bond that is far more profound and much deeper than simply being in the same room. Similarly, the reception of the Holy Spirit in Confirmation binds us more perfectly into the life of the Church, so Jack and I will share in the Church's mission in a new way that transcends the limits of our physical experience.

It is quite easy for any of us (myself included) to be so caught up in the material world that we lose sight of the spiritual reality that engulfs us. The sacraments—properly understood—can help expand our understanding of the nature of life to incorporate a much grander vision. As we approach the Holy Eucharist, or contemplate our baptism or marriage, we should always keep this mystical understanding in mind so that we can truly appreciate the beauty and power of God in the sacraments.

In Christ,  
Fr. Meyers

## UNBORN BABY ADOPTION PROGRAM

**First Month Developing Baby**

Your spiritually adopted baby has been quite active over the past month. Already your baby is 10,000 times bigger than at conception. Your baby has developed the foundations of its brain, spinal cord, and nervous system by the 20th day. The baby's heart began to beat on the 21st day and is pumping blood through its own circulatory system. The blood type can be different from its mothers. Your baby is most vulnerable during the next month of being aborted.

**PRAYER:** *Jesus, Mary and Joseph I love you very much. I beg you to spare the life of the unborn child that I have spiritually adopted who is in danger of abortion.*

## CATHOLIC Q & A: ANGELS

**Question:** I've heard that we become angels when we die. Is this what the Church teaches?

**Answer:** As human beings, we are both spiritual and corporeal. We are body and soul. This makes us unique in all creation. No other physical creature — plant or animal — possesses an immortal soul made in God's image and likeness. Like the distinction with plants and animals, angels have an entirely different sort of existence. Angels are pure immortal spirit, and they have been so since the moment of their creation. While they may take on an appearance of a body in Biblical history, they are not a body like we are. Angels are neither male nor female, despite the art we often see.

As the result of the Fall, human beings experience death. Our souls are temporarily separated from our bodies. However, we do not become something other than human. Every Sunday in the Creed we profess "I believe in the resurrection of the body." As Jesus was united with his body on the third day, so too will we be united with our bodies at the end of time.
